REV. 1/08

CALIFORNIA STATE ASSEMBLY

58th Assembly District

INTERNSHIP PROGRAM

58th Assembly District **INTERNSHIP PROGRAM**

The 58th Assembly District Office Internship Program offers high school and college students a unique opportunity to participate in and experience the work of a state Assembly office. The program exposes students to district office operations and the grass roots activities of a legislator's work. These experiences include working with constituents, conducting community outreach efforts, assisting community-based organizations, organizing civic events and projects, database development and upkeep, staffing the office, and other activities.

Internships are available to all part-time or full-time students 15½ years of age or older. Depending on their high school or college programs, students may also receive different types of school credits for participating as an intern.

Many legislators and senior policy staff began their careers by interning in a district office. It is an invaluable way to gain a true understanding of California's democratic process,

as well as an excellent opportunity to make important contacts while serving the community.

Interns will gain valuable education and work experience by fully participating in agreed-upon hours of work. All internship work is voluntary and students will not receive any monetary compensation.

If you are interested in participating in the 58th Assembly District Office Internship Program, simply complete the attached application and submit it with the required 500-words or less essay to: Assemblymember Charles M. Calderon, Internship Program, 13181 N. Crossroads Parkway, Suite 160, City of Industry, CA 91746. Please visit: www.assembly.ca.gov/calderon.

As space becomes available, qualified candidates will be invited for an interview. Thank you for your interest in this very unique

opportunity to serve your community. I look forward to your participation. If you have any questions, please call (562) 692-5858.

Charles M. Calderon
